CLERK: Mr. President, I ask unanimous consent to unbracket L.B. 188, signed Senator Kremer.

SPEAKER: Chair recognizes Senator Kremer.

SENATOR KREMER: Mr. Chairman, this bill was bracketed on the motion of Senator Carpenter and if you have the bill, 188, before you, turn to page 5 and he questions the reporting as to the number of soil and water conservation districts, soil and water conserving, conservancy districts and so on and since those are non existent, I attempted to explain on the floor that they were non existent, that reporting was not required but the NRD's had taken over this responsibility then he asked, well, who do they report to. Well, I have that information, I told him I would get that and I cleared this with him yesterday. He says, that's fine, go ahead. Now what happens under a new section, under, under chapter 2, Section 322, the, that resource districts have to report to the Commission, to the Natural Resource Commission and they in turn report to the Governor in their budget request so this gives the explanation of why this bill was bracketed and this is why I want to unbracket it.

SPEAKER: Any further--are there any objections to the unbracketing of L.B. 188 as explained by Senator Kremer? Any objections? Hearing none it is so ordered. The bill is unbracketed.

CLERK: Mr. President, L.B. 188, the title was read on January 31st. The committee amendments were adopted. There are no further pending amendments.

SPEAKER: Senator Kremer, what is your pleasure?
